

## PROJECT PARTICIPANT AGREEMENT

As a condition of and in consideration of my participation in the sponsored research project or other activity identified below ("Project"), I hereby agree to disclose promptly to the University of Wisconsin-Milwaukee ("University") any knowledge, discovery, invention or copyrightable subject matter that is developed, conceived, reduced to practice, made or authored by me, whether solely or jointly with others, during and in the course of such Project. I further agree that I will comply with the provisions of any agreement between the University and the sponsor of the Project ("Sponsor"), if any such Sponsor is named below, and will cooperate in assuring that the Sponsor's rights in intellectual property are fully protected.

I agree to sign whatever documents are required of me to satisfy assignment, patenting and licensing obligations of the University to the Sponsor or to any other entity.

I confirm that I am now under no obligation to any other person or extramural sponsor with respect to any rights in any knowledge, discovery, invention or copyrightable subject matter that is in conflict with the responsibilities of the University as they pertain to the Project.

I understand that I have the right to request a copy of any agreement that is applicable to such Project.

I further agree that in addition to any rights that may accrue to the Sponsor or any other entity, the Board of Regents of the University of Wisconsin System, on behalf of the University, reserves the right to make, use, disclose, reproduce, prepare derivative works, distribute, perform and display publicly for educational or research purposes, any knowledge, discovery, invention or copyrightable subject matter which is attributable to my participation in the Project, and permit others to do the same.
